FORTY-FOURTH ANNUAL MEETING OF THE PRESBYTERIAN HOSPITAL SOCIETY OF THE CITY OF CHICAGO

CHICAGO, JANUARY 18, 1927.

The forty-fourth annual meeting of the hospital society was held in the chapel of the hospital on Tuesday, January 18, 1927, at 1:00 o'clock, there being about seventy-five members and guests present.

Mr. Frank S. Shaw, President of the Board of Managers, was in the Chair; and Mr. William A. Douglass, Secretary of the Board of Managers, acted as Secretary.

Prayer was offered by Rev. Asa J. Ferry, Pastor of the Edgewater Presbyterian Church.

Moved and carried that the minutes of the last previous annual meeting be approved as rendered.

Mr. James A. Patten, Treasurer of the Board of Managers, presented a condensed cash account of the previous year which showed quite a substantial deficit in operations, reference being made to the full report made by the auditor which is included in the year book.

The President then called upon the various committees for reports.

Mr. Charles J. Rittenhouse, Chairman of the Executive Committee, Mr. Solomon A. Smith, Chairman of the Finance Committee, Mr. Horace W. Armstrong, Chairman of the Medical School and University Committee, Mr. Alfred T. Carton, for the Advisory Committee, each duly presented their reports. Mr. John B. Drake was unavoidably kept away from the meeting and his report was read by the President. All of the reports above noted were, upon motion duly made, seconded and carried, ordered received and placed on file.

Mr. William A. Douglass reported for the Nominating Committee, naming for members of the Board of Managers of the Class of 1930, the following: Mr. Albert M. Day, Mr. James B. Forgan, Jr., Mr. Charles H. Hamill, Mr. Solomon A. Smith and Mr. William E. Sharp. There being no other nominations presented, it was moved and carried that the Secretary cast a ballot of the meeting for the gentlemen named and they were duly declared elected Managers of the Society to serve until the third Tuesday of January, 1931, and until their successors shall be duly elected.

The President then called upon Mrs. Perkins B. Bass, President of the Woman's Auxiliary Board, for a statement of the activities of the Woman's Auxiliary, Miss M. Helena McMillan, Superintendent of Nurses, for a report as to the Nursing School, and Mr. Asa S. Bacon, Superintendent of the Hospital, and Rev. Dr. Ware, Chaplain, all of whom responded.

Rev. Dr. John Timothy Stone made a short address, urging upon the ministers present a more thorough support of the hospital by the various churches.

Moved by Dr. Ferry and seconded by Dr. Davis that a vote of thanks be given the hospital for the luncheon served.

The President announced the presentation of a life membership in the American Hospital Association to Mr. William A. Douglass, who has served the Society as its Secretary since its organization in 1883.

There being no further business, the meeting adjourned.

THE PRESBYTERIAN HOSPITAL OF THE CITY OF CHICAGO

REPORT OF THE PRESIDENT

The past fiscal year has been one of steady work. The completion of the connecting link between the Pavilion and the Jones Building has given us a number of private rooms of moderate price, a central diet kitchen, a new laboratory, X-ray, and enlarged operating suite. It is a matter for regret that the projected improvements on the sixth and seventh floors of the Jones and Murdoch buildings could not be completed. Our building appropriation last year amounted to almost \$400,000 and approximately \$375,000 was used in the improvements thus far completed, including the furnishings. A large deficit in our operating account required the application of the unused portion of the money in the building account. This reduced the deficit in our operating account to a little over \$6,000 and leaves our building account without funds.

It should be borne in mind that a modern hospital is manned by specialists and trained technicians who are constantly studying how to reduce suffering and to lower the death rate. Due to the fact that the hospital of today is a highly specialized institution, material advances have been made in combating disease and it is worthy of note also that the average stay of a patient in a hospital has been substantially reduced during the last decade. The Presbyterian is a highly specialized and growing institution, and its various departments are continually calling for more space so that the work of research, diagnosis and treatment of patients may expand.

A recent report of the Health Department of the City of Chicago calls attention to the fact that Bright's disease is one of the leading causes of death in this city. Heart disease also is listed as one of the largest contributors to mortality in this section. The staff of the Presbyterian Hospital is to be commended for the substantial amount of research done along these lines, notable progress having been made in the subject of Bright's disease during the past year. In this connection it may be noted that the affiliation of our hospital with Rush Medical College of the University of Chicago is of substantial help in matters of study and research generally.

I wish to call particular attention to the work of our School of Nursing. It is a matter of pride that an exceptionally large percentage of our graduates occupy prominent positions throughout the world, and that many of them are serving as missionaries. This is true also of the men who have worked as internes in the Presbyterian Hospital, many of whom have attained prominence in the medical world.

It is again the sad duty of the President to call attention to losses in membership sustained by the Board during the past year. Mr. Robert Stuart and Mr. Ernest A. Hamill have passed away since our last report. Mr. Stuart served on the Finance Committee for many years, and was a devoted friend of the hospital. Mr. Ernest A. Hamill also had served the Board for a considerable period and was, at one time, its President. He also was a member of the Finance Committee and the committee on Nurses and Training School, giving time and effort without reservation to the work. We deeply mourn the loss of these staunch helpers and friends.

Our Medical Staff also suffered a great loss in the death of Dr. Francis Lane, who had only recently been elected to fill the place made vacant by the retirement

of Dr. Wilder. Although a comparatively young man, Dr. Lane had made a place for himself in the world, and his untimely death is deeply deplored.

It is a pleasure to note that during the year 1926, the following increases to our Endowment Funds were received:

Lily T. Ball.....	\$ 7,500.00
Mary A. Byrne.....	1,475.00
Child's Free Bed.....	2,293.61
George B. Harris.....	3,144.77

Gladys Foster	2,515.50
Mary Ballard Derby Keogh.....	10,000.00
	<hr/>
	\$78,438.36

The stories of the hospital's operations for the year are told in the succeeding pages of this book.

I cannot close my report without expressing my hearty appreciation of the loyalty and helpfulness manifested, in gifts of money and otherwise, by the friends of the Presbyterian Hospital, and I feel assured that the real need for larger activities in the care of the sick, in research, in medical and nursing education will be met by the generosity of those who are familiar with the work which has been and is being accomplished by this institution.

Faithfully,

FRANK S. SHAW, *President.*

With the Chicago Visiting Nurse Association 6 were assigned for 310 days; with the Infant Welfare Society of Chicago 6 for 244 days; with the Children's Memorial Hospital 2 for 92 days.

In the Presbyterian Hospital an average of 75 special nurses gave 27,367 days' nursing to patients; the North Nurse accomplished 224 days with 221 different patients and the Gladys Foster Nurse 261 days with 251 patients.

As is customary in time of emergency, 5 of our graduates were released from hospital service for some days, upon call of the National Red Cross, to help care for the Miami victims after the Florida disaster.

There are recorded 89 personal interviews held with young women considering entering the school, 1,143 written inquiries from candidates and 240 formal applications. Of these, 111 were accepted, 40 students were admitted with the spring class and 70 in the fall. Of the two groups, 96 are still enrolled students.

During the year, 8,777 days of duty were lost for all causes, 2170½ being on account of illness, on the part of 183 students. The minimum time off duty was 2 hours, the maximum 98 days and the average time 12 days, this being raised by two students with arthritis, one of whom was ill 98 days, the other 87. The Presbyterian Hospital gave 1,156 days' care to the students of the school, Durand Contagious Hospital 4 days and the remaining 1,010½ were spent in the Sprague Home.

The ailments were numerous in character, the outstanding being:

39 cases of influenza, accounting for 321 days.

51 colds, accounting for 233 days.

50 cases of tonsillitis, accounting for 134 days.

31 tonsillectomies, accounting for 57 days.

42 infections, accounting for 277½ days.

10 cases of appendicitis, accounting for 219 days.

The usual activities of the school have been carried on. The schedule of instruction, outlined in the annual announcement, has been maintained to meet standards of national nurse educationalists.

The concert of the Florence Nightingale Chorus netted \$1,445.94 for the Endowment Fund, while the Rummage Sale and Bazaar, held by the Alumnae Association, brought in \$110 for the first and \$2,100 for the second.

A class of 55 was graduated in May, bringing the number of graduates to 857.

We regret to report the death, during the year, of Louise C. Brown, class 1913, a member of the graduate nurse staff of the school at the time of her death; of Clemence Tucker Dunlap, 1916, and Genevieve Brown Keeling, 1919.

Reports of good work of our graduates continue to reach us from all over the world:

162 are listed as private duty nurses.

130 are listed in institutional positions.

67 are listed in public health work.

9 are listed in foreign mission work.

42 have died.

The many who have married continue to feel themselves part of the family. They aid us by sending into the school as students, desirable young women from their communities. Acting as intelligent interpreters of the local hospitals to the less well informed of those communities, they give a definite and valuable service to many hospitals. We are proud of our graduates, not only of those who are widely known, but of all who serve efficiently, many times without recognition or appreciation; in addition, we are most grateful for their loyalty and for their assistance whenever called upon for help.

We return best thanks to the graduate nurse staff of the institution, without whose constant co-operation success would be impossible; to Miss Aylward and other dietitians; to the Medical Staff of the Hospital and of Rush Medical College. We record with much appreciation the ever-ready response of all members of the Staff to give aid in time of illness, their valuable teaching of our students, at the bedside and in the class room; the inestimable benefit to the members of the school resulting from the interest and personal attention given by Dr. George Dick. To the Superintendent of the Hospital and his assistants we acknowledge another year of forbearance and co-operation; to the Woman's Auxiliary Board a constantly and increasing understanding; to Mr. Hamill, Miss Drake and other donors, our gratitude for continued remembrances; to the President and Board of Managers of the institution our keen sense of indebtedness for the privilege granted of steadfastly working for better nursing standards.

Respectfully submitted,

M. H. McMILLAN,
Director, School of Nursing.
